We just received this and I am getting on a plane but a quick reading and conversation with Tom raises some issues for me. I think you will want to elevate this one. Tom and Cesar are available this afternoon to discuss and they are looping in Mita. I have copied Leif and Suzanne. I am available later this evening to discuss.

Ex. 5 Deliberative Process (DP)

Thanks

Subject: request from FDEP to discuss a comment received by a 3rd party on their draft rules

Jeaneanne – We just received the email below from the FDEP assumption team requesting to talk about a comment they received from a third party (attached). As you'll see, it is specifically related to the 5-year permitting issue. I want to be responsive but recognize that any feedback needs to be cleared through senior management. I'd appreciate your input before responding. Tom

Heather and Jessica –

Attached is a proposed addition to the 404 Assumption Rule. After you have had a chance to review, Kerri Barsh and I would like to discuss the possibility of adding this section to the rule in order to build upon the successes from the Lake Belt approach. Thank you in advance for your consideration. –
Ernie
